

Chronological means arranging events in the exact order that they happened in time, starting from the earliest and moving forward.

Key Concepts

- Definition: Ordered by time of occurrence.
- Forward Order: Starting with the first event and ending with the last.
- Reverse Order: Starting with the newest event and going back to the past.

Common Uses

- History: Telling past events using timelines.
- Stories: Showing how a plot moves step by step.
- Resumes: Listing job history from oldest to newest or newest to oldest.
