

Devastation means great destruction, ruin, and deep sadness. It describes a place left in total waste or a person feeling completely broken.

Meanings of Devastation

- Physical damage:
 - Widespread destruction of towns, buildings, or nature by storms, fires, or wars.
 - Leaving an area in complete ruins with little left standing.
- Emotional state:
 - A state of extreme shock, grief, or heartbreak.
 - Feeling completely wrecked by a sudden or tragic event.
